Dear MaineCare Member:

Save the Date! MaineCare wants to hear from you.

We are holding listening sessions to give you a chance to share your feedback about MaineCare's Non-Emergency Transportation (NET) program.

In August 2013, MaineCare changed the way NET services are provided to members. This new way of providing services uses a brokerage system, with eight regional brokers arranging NET services across the state. We want to hear how this system is working for you.

We want to know what works and what doesn't work. We will use this feedback to make any necessary changes that may improve the transportation services you receive.

Your opinion is important to us and we hope that you can attend. The dates, times and locations of the forums are listed below:
