

Challenges of HCBS

- Subjectiveness in assessments based on the validator.
- Desk Reviews not attaining thorough and accurate information.
- With Shared Living, there are many settings involved which makes for an exceptional amount of work that is unfunded.
- When validation findings are not accurate, we are still required to remedy where this are no findings on our end.

Benefits of HCBS

- Illuminates areas where changes are needed that may have been overlooked by an agency.
- A national quality assurance tool.
- Autonomy, empowerment, access, and equality sought on a national level for people receiving services.
- Helpful information for providers to improve.
