

Shared Living Info Session

Shared Living is a fantastic option for adults with intellectual disabilities or autism to live with families in their community and receive one on one individualized support.

Morrison Center will be holding a *FREE* informational session on all aspects Shared Living. We will be covering;

- Where to start
- How to navigate the service options
- How to become a Home Provider
- Benefits of being a provider
- Benefits of Shared Living
- Q&A Session
- Testimonials with current Home Providers and Participants

If you are interested in learning more about how you or a family member can take advantage of this great opportunity, please join us!
